

Theme 1: Design

What will the future High Road West look like?

To bring the changes you've told us you want to see, we've come up with a list of key changes to High Road West that need to happen.

Key principles of change:

- High Road West should have new neighbourhoods and areas – each with their own identities and characters, with different things to do and visit
- A new residential neighbourhood should be created north of White Hart Lane, where new high-quality, modern homes will be built
- A new community heart for High Road West should be built south of White Hart Lane, with new public space and community and leisure facilities. This should be a place that the community can make their own, with space for local events and performances, as well as a destination that will attract visitors and be full of activities
- New pedestrian and cycle routes should make it easier to walk or ride north to south and east to west, making High Road West a safer and more welcoming place to be
- Taller buildings should be placed near to the railway to reduce overshadowing of neighbouring buildings. The heights of buildings will decrease towards the High Road.
- Larger buildings should be located near to the new Tottenham Hotspur stadium
- Important and high-quality heritage buildings should be enhanced where they make a positive contribution to the High Road West area
- High-quality materials, such as brick, should be used throughout all new buildings

Peacock Gardens
A new residential area with new homes and a large park in the north

Peacock Mews
New business space behind the High Road

White Hart Lane
A new improved White Hart Lane with attractive new public space

High Road
A new improved High Road with shop front and public space improvements

Moselle Square
A new public square surrounded by leisure and community facilities and cafés and restaurants
